Susan C. Vehik is an Associate Professor of Anthropology at the University of Oklahoma. She received her B.A. from The Wichita State University and her M.A. and Ph.D. from the University of Missouri-Columbia.

James Wanner is Professor of Anthropology at the University of Northern Colorado at Greeley. He received his Ph.D. at the University of Colorado and is a physical anthropologist with interests in osteometric and statistical analysis of prehistoric populations. His current research interests include creation of a master computer database of published and unpublished data of Plains skeletal materials for research into their spatial and chronological microevolutionary variation.

CONTENTS OF VOLUME 37
